

now hiring!

ADCORP MEDIA GROUP NOW RECRUITING FOR PRODUCT DEPLOYMENT/INSTALLATION DEPT.

JOB DESCRIPTION:

Adcorp Media Group is a privately held media company based in Westchester County, New York. We offer prominent signage across diverse formats in most of the major supermarkets in the Northeast.

Due to our rapid expansion we are hiring more technicians to our Installation team. The position will entail installing and maintaining all of our products in supermarkets throughout the northeast, coordinating scheduling and inventory. To be qualified for this position you must have your own car, be able to stand for long periods of time, and lift 40 lbs.

The successful candidate for this position will possess the following:

- Good communication skills to interact with store managers.
- Willingness to work diligently and complete assigned tasks accurately.
- Able to drive long distances to complete assignments.
- Willing to work overtime when asked and early mornings as necessary.
- Light construction experience a plus

This position can develop into a supervisory position based on performance and demonstration of attention to detail and diligence.

We are a company that believes in and practices promotion from within. Exciting, rewarding and rapid growth opportunities are available for people who wish to contribute to a leading high performance organization.

If you consider yourself to be a hard-working team player please call us at 914-909-2960 or email us and apply for this position now!

This is a full-time position.

Salary Range: **\$25-\$32,000 to start: Salary commensurate with experience and skills**
